--	---

*One of the main aims of the centre and its programmes is to introduce activities and experiences that can help promote an active healthy lifestyle for your child. Adventure activities are not completely free from risks. Whilst the Venture Centre takes action to minimise risks and the chances of serious injury are remote the chance of minor injury has to be seen as a possible outcome, much the same as in normal active outdoor play. We fully accept our legal and moral responsibilities in these matters but feel that you as a caring parent or guardian would wish to be fully informed about what participants may experience. Some parents or guardians may consider the element of risk unacceptable and therefore withdraw their child from the course. Copies of Venture Centre risk assessments are available on request.*
